

Attention all Valve Users and Buyers

World's largest independent Valve Stock now released for sale on the Internet

Score (Europe) Limited is an independent supplier of all types of valves to the Oil and Gas, Energy and Utilities industry. To meet the demands of a growing number of our worldwide customers, we have now developed and released an online valve sales enquiry system to give buyers immediate access to our stocks. Over \$400m worth of valves of varying types, sizes and pressure ratings are now fully searchable and available for immediate supply via this system.

Valveenquiries.com is designed to give existing and new customers heightened and immediate visibility of some of our extensive stocks. The self-search capability and resulting time saving benefits are delivered as the system operates on a real-time "live" basis. The simple concept is "if you can see it, you can buy it", (Subject always prior to sale). All enquiries submitted via our valveenquiries.com site are processed and replied to by our team of specialist technical sales engineers.

Valve Stock available for immediate supply to you includes the following valve types:-

- **Ball**
- **Butterfly**
- **Swing Check**
- **Wedge Gate**
